

It just takes one...

2010 ANNUAL REPORT

Robin Milnes

Letter from the Chairman

Thank you friends, donors, volunteers and staff for your continued support in 2010. As Board Chair, my goal is to never lose sight of the mission of our organization. When I walk into the Animal Rescue League of NH ("the League"), one look at the animals is usually all it takes to remind me

of that mission. If I am lucky, I see an animal leaving with its new family – an amazing experience. It inspires me to work harder on behalf of these animals that are unable to advocate for themselves.

Last year, a record breaking 2,287 animals passed through our doors en route to their forever homes. As you read through this report, you will learn that many of these animals arrived as a result of cruelty, neglect and hoarding cases. Thanks to your generosity, these animals received the necessary medical care and attention so they could resume their lives in a better environment. We are proud to be a community resource for these animals.

The League finished 2010 in a fiscally sound position, despite medical expenses increasing by 87% to nearly \$214,000. We are grateful that our donors contributed the necessary funding at our annual auction to complete much-needed renovations to our medical clinic. With these renovations and the addition of a part-time veterinarian, we will be better able to manage and curb our medical expenses, while still providing the animals with the appropriate level of care they so deserve.

Significant collaboration continues with our sister shelter in Conway, the Animal Rescue League of NH – North. Through a common mission and a shared

vision for the future of animal welfare in the state of New Hampshire, animals served increased at both locations in 2010.

As many of you know, the League was fortunate to have an outstanding leader for the past five years in Caroline Boyd. Her accomplishments and successes were many during her tenure. Even though Caroline is moving forward with other endeavors, she continues to be a strong friend and supporter of the League, and for that we are incredibly grateful. Thanks to the strength of our management team and staff, our organization is in very capable hands as we execute a thoughtful and thorough search for a new CEO for the League. The Board of Directors is committed to finding a CEO who will embrace and execute our vision of being a leader in the animal welfare community by developing programs and pursuing opportunities that allow us to fulfill our mission on a statewide basis.

Our accomplishments were many in 2010, much of which is shared in the following pages. I hope it leaves you with a better understanding of a "day in the life" of your community shelter. And, it is your community shelter. Without the support of our donors, volunteers, staff and Board of Directors, we could not continue with our very important mission. To all of you, I extend my heartfelt appreciation. Collectively, we are making a difference.

Sincerely,

Robin G. Milnes, Chairman of the Board

Cover Photo:

Our cover photo was provided by Dannie Keffey. The photo is of Tessie, a Basset Hound that was surrendered to the ARL-NH because her owners were moving. Tessie had some major medical issues upon arrival and her medical care was paid for by a Medical Miracle Worker.

Super Volunteers!

In 2009 the League had 387 volunteers complete 16,031 hours of volunteer service.

In 2010 this number grew tremendously! The League had 434 volunteers complete 19,466 hours.

This is an 11% increase in volunteers and an 18% increase in completed service hours!

The League wishes to thank all of our wonderful volunteers who do so much for the League. Thank you!

Animal Rescue League of NH Chooses 2009 Volunteer of the Year

Joan Bajek

In early 2010, the staff sat down and voted on the "2009 Volunteer of the Year". There were many excellent volunteers to consider, but Joan Bajek really stood out in the variety of work that she does at the League.

Joan is truly one of the first to step up and volunteer for whatever has been asked. She seeks out every training in her quest to learn all that she can. She

is one of the most flexible volunteers, willing to do anything regardless of how dirty or hard the task may be. Although financial support is certainly not a criterion for volunteer of the year, she has also been generous by supporting events, providing countless goods donations, and making regular contributions that directly benefit the animals in our care.

Reliable and down to earth, she is a source of inspiration. Her friendly presence at the shelter is a constant and her modesty is noteworthy. When thanked she often deflects the praise to others, trying to minimize her role. Her dedication to the well being of all the animals; big and small is admirable!

Joan has served as a:

- Greeter welcoming the public and answering the phones.
- Shelter closer
- Committee member of the 2009 Evening of Compassion committee
- Cat cage cleaner and socializer
- Dog walker
- Pet Step dog advocate
- Feline-ality cat assessor
- Solicitor for annual auction donations
- Annual craft fair volunteer
- Microchip clinics
- Photos with Santa event
- Animal transporter
- Make your Buddy a Bunny day volunteer
- A cheerleader to staff and other volunteers

Mission Statement

Pets give us so much. They teach us compassion, protect our families, work as therapy professionals, and entertain us. Pets comfort us when we've had a bad day and touch our hearts with their unconditional love. At the Animal Rescue League of New Hampshire we save pets' lives, and they enrich ours.

A Snapshot of the League's 2010 Income and Expenses

Just as pets are so loyal to us, you have once again proven yourself loyal to them. In a year of unprecedented need by any measure, you have come through to ensure that pets caught up in difficult situations have a port in the storm. Pets have become homeless for many reasons – the economy, changes in family situations, medical bills that can't be met, and more; however, your support ensures that they have a place to turn.

Since the Animal Rescue League of NH receives no state or federal funding, you are the mainstay of our support. Due to the nature of our work, our adoption fees and "pay-if-you-can" surrender fees cover only 16% of our costs (though that is up 2% from 2009). The other 84% must come from people with a heart for this mission. People such as you!

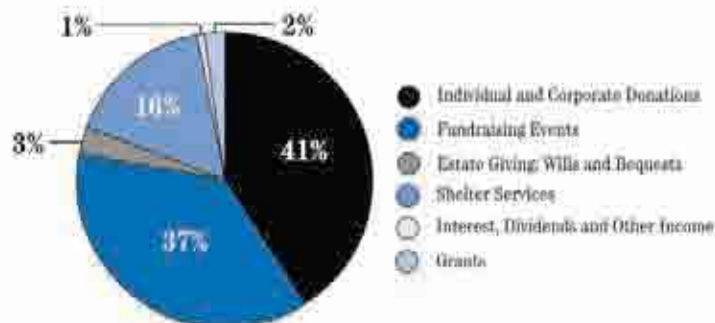

As stewards of these important resources, we take our expense management role seriously and we strive to make intelligent choices aligned with our mission. We remain 100% transparent with regard to our use of funds. In 2010, the League's programs and services escalated to \$3,038.24 per day (a 22.7% increase from 2009, largely due to skyrocketing medical needs).

During the year we took in an unprecedented number of animals: 2,287. However, even though our animal intake was up 20% and our medical bills were up a whopping 87% over 2009, though efficiencies and stringent cost management, our cost per animal only increased by 2.15%. Did you know that vet care alone (not including general care and feeding) cost the League \$213,982 in 2010, driven by 24 hoarding and neglect cases, and we have not seen community needs abate this year.

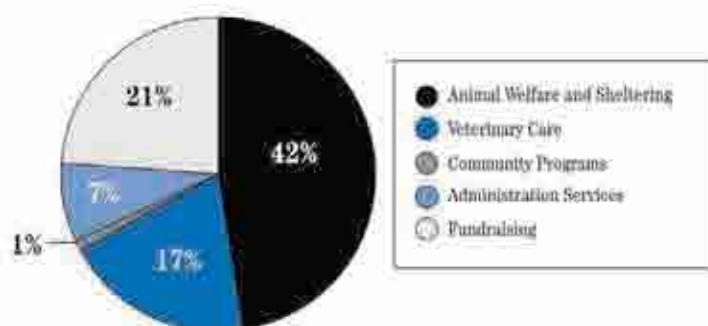

As we progress through 2011, we expect to see continued increases in animals with neglected medical needs. Please consider making the League's mission one of your giving priorities in 2011. For information on ways to give, please contact Donna Nicholaides at 603-472-5788 or donna@rescueleague.org.

2010 Sources of Funding

Serving the North Country

The Animal Cruelty and Community Outreach program at the Animal Rescue League of NH has expanded the areas in which it serves to include the 'north country'. Towns such as Lisbon, Bethlehem and Berlin have received aid and assistance for situations involving animal neglect and cruelty. Whether an individual citizen, animal control officer, or other town employee needs advice or assistance, the Animal Rescue League is available.

Through a grant from the ASPCA obtained by the NH Federation of Humane Societies, our cruelty investigator/community outreach coordinator Maureen Prendergast, facilitated the grant monies which included five low cost feline spay/neuter clinics held for low-income Berlin residents in 2010. Additional spay packs and surgical instruments were also purchased and will be

on loan to veterinarians serving this area, to ensure even after the close of this particular grant, that low income spay/neuter assistance could continue.

In 2010, our outreach program reached 152 animals from this area of the state, including 118 animals from the town of Berlin alone. Other areas of assistance include our Food Pantry program. Whenever our coordinator is making a trip up north, she will typically fill our vehicle with as much food from our Food Pantry supplies as possible and will make arrangements with different individuals at different drop off locations so we know the food is then being delivered specifically to the families needing it the most.

Photos taken while removing multiple cats from a boarding house in Bethlehem.

Our Sister Shelter: Animal Rescue League of NH – North

Last year, we wrote of our formal affiliation with the Conway Area Humane Society, now known as the Animal Rescue League of NH – North. During 2010, the staff from both locations worked tirelessly to implement the necessary changes for successful integration. While challenging and difficult in many aspects, we are proud of the successes that have happened since the formal affiliation.

We are extraordinarily proud of our affiliation with our sister shelter in Conway, and we look forward to a building on a strong relationship that has been fostered by collaboration, teamwork, creative thinking and a common mission. We believe that this type of collaboration is key to the long-term success of individual shelters throughout New Hampshire, and we are proud to be the leader in developing a statewide approach to animal welfare.

Examples include:

- Total animals served in both locations increased dramatically in 2010. By working together, an additional 505 animals passed through our collective doors.
- Our animal cruelty investigator worked extensively in the North Country last year bringing in 152 animals from that area alone.
- Fundraising and event totals at both locations increased in 2010 as ideas and resources were shared between the two shelters.
- Board crossover and collaboration have been key in the setting the strategy and framework for the success of the affiliation.
- Management expertise has been freely shared between locations allowing for the implementation of each location's best policies, practices and procedures.

Making a Difference For Our Homeless Dogs

In September 2010, the Animal Rescue League of New Hampshire (ARLNH) celebrated the Grand Re-Opening of its newly renovated Dog Adoption Center. At the same time we announced a naming opportunity campaign to name each of the 16 kennels, the Play Yard, and the Dog Adoption Center itself.

We are happy to report that the Play Yard and nine of the 16 kennels have been named in perPETuity of use. The inscriptions on the glass kennel doors are a wonderful testament of how important our mission is and how invaluable animals are in our every day lives. Please come in for a tour and be inspired by the quotes and loving support of our donor family.

Our kennel donors have been named by: **Absolute Title, Anonymous, Sheryl & Denis Hammond, Pamela and Daniel Noury, the O'Keefe & Murchison Families, the Rzegocki Family, the Tebbenhoff Family, Caroline & Doug Tricarico, and Veronica & Eugene Van Loan.** The **Grunbeck Family** generously named our new Dog Play Yard and **Maureen Prendergast** named one of the two benches that will be out in the Play Yard.

We also want to give our heartfelt thanks to **Roger & Francine Jean, Robin & Peter Milnes, and Sheila & Bill Steele** for their generous matching gifts for the Fund-A-Need segment of the League's 2010 Live and Silent Auction. It enabled us to embark upon this important renovation project which provides a less stressful environment for our dogs while they wait for their new forever home.

The kennels purchased in perPETuity are complete with a message from the donors who named them.

Lola, the Great Dane, enjoying one of the new kennels.

Medical Program

In 2010, the League saw a \$90,000 increase in our medical expenses compared to 2009! This is due to a variety of factors including a significant spike in the number of animals helped, an extremely large increase in cruelty and hoarding cases and the League's assistance with numerous medical emergency cases.

Due to a combination of an economic climate which caused more owners to relinquish their pets and record adoptions, the League was able to assist a total of 2,287 animals; an increase of 382 animals from the previous year! A large portion of these animals arrived through our cruelty and outreach program and many were in very poor shape. The League was able to provide extensive medical procedures when necessary on top of our routine medical care including spay and neutering, vaccinations, parasite treatment and basic diagnostics.

To respond to our growing medical needs, the League requested assistance from our generous donors to build an in-house medical clinic which would allow us to perform more procedures within the shelter. \$123,000 was raised at our annual auction and an additional \$32,000 was donated for the clinic if needed, or for operations if not. This money provided a sterile surgical suite, surgical prep area, separate treatment and isolation rooms and plenty of storage. The work was just completed and the staff

was able to begin using the clinic in mid-May. In addition, the League hired its first Staff Veterinarian, Dr. Mary Ann Sanfilippo. Dr. Sanfilippo will be performing spays, neuters and other surgical procedures as well as assisting with evaluations of animals, including those who arrive from cruelty and neglect cases.

In the coming year, we hope to assist even more animals and would like to thank all of our generous donors and veterinary partners in their continued commitment to our mission.

Photos of the ARLNH's brand-new clinic, waiting to serve the homeless animals of New Hampshire.

The Mont Vernon 44

Many people heard about the Mont Vernon 44 dog case when it appeared in the news back in April 2010. It was the largest cruelty case involving just dogs, that the Animal Rescue League of NH has ever been involved in as the single and lead agency.

Initially a call came from the Mont Vernon Police Department to the League's Animal Cruelty Investigator (ACI) about concerns they had with a resident in town who was known to them as potentially being a dog breeder. Additionally, a statement was made by a witness who had recently been inside the home that conditions may have reached an unacceptable level in terms of the dogs' care, the owner's well-being and the condition of the home itself. After making this an official case, the Animal Cruelty Investigator made several attempts to reach the owner to try and intervene through the many facets of our outreach program. Unwilling to cooperate, the owner insisted that neither she nor her animals needed any assistance.

Working closely with the Mont Vernon Police Department a search warrant was obtained and executed on the morning of April 14th, 2010. By the end of the morning, the ACI had removed 44 small breed dogs from the residence. Initially, and over the next few days, the owner agreed to voluntarily surrender a number of the dogs to the League. By the end of the first week, and until the case eventually had its trial date, 22 dogs remained held as court evidence at the Animal Rescue League of NH.

The first group of dogs that were voluntarily turned over to the League were medically assessed and many quickly went into surgery to have multiple teeth removed, lumps biopsied, and spays and neuters performed. When the press release went out that these dogs were ready to find loving homes, the staff was amazed by the response. There was a line of eager adopters through the parking lot ready to bring one of these special dogs into their homes. All the dogs were put on hold or taken home that day with multiple adopters assigned as backup homes should the first families change their minds. It was heartwarming to see the amount of people ready and willing to take on a challenging dog. Most of these animals were very under-socialized and fearful of new people and situations.

A few months later the League received custody of most of the remaining dogs and after quite a bit of needed veterinarian care, they were quickly placed into the homes of adopters that were anxiously waiting for them to be available. As the weeks went on the staff continued to get updates from our new adopter friends. After each update received the news would be shared with the rest of the staff of how one dog learned to walk down stairs and how another learned to run. Many of the adopters joined an email group for the Mont Vernon 44 and still share stories and advice with each other. We hosted an open house in October and had a mini-reunion where many of these families came to meet other parents of the dogs and give them a chance to play together.

Cramped into tiny living spaces and no where to turn, 44 dogs came to the League in the hopes of better lives.

All these dogs were formerly living in squalid conditions. As you can see now, they are spoiled with love and completely doted on by their new parents.

One specific story we would like to share with you is of Sara. She is a three-year-old Toy Poodle that was a part of this case. Even after the conditions she came from, Sara remained a happy little dog, eager to meet new people. Our Humane Educator at the League, Diane Frost, adopted Sara into her home with the hopes of her becoming a therapy dog. Sara was more than up to the task and now travels around the state with Diane meeting different groups and giving back to the community.

Sara before and after.

Adoption Numbers Reach New Heights

The year 2010 proved to be a successful year for adoptions. The League witnessed a huge rise in shelter visitors which in turn led to more adoptions. We are proud to report that 1,779 animals found their homes in 2010 compared to 1,433 in 2009. A few factors helped us achieve this mission including the Meet Your Match program, improved staff training, adoption promotions, and building enhancements.

The ASPCA's Meet your Match program has been one of the leading forces behind the increased adoptions. Not only does the program create excellent matches between the adopters and the animals but it has also created an excellent customer service culture. The staff enjoys working with our adopters and is happy to provide guidance and support during the adoption process. This has caused repeat adopters and adopter referrals.

Our adoption promotions throughout the year have also generated more foot traffic entering the shelter and in turn raised adoption

numbers. Promotions in 2010 included Black Friday where we offered half-off adoption fees for all black animals, Cinco de Meow-o which featured reduced adoption fees for cats five years of age and up, and the Cat of the Week promotion where we offered a 50% reduction in the adoption fee.

The League was also fortunate to have building enhancements made that created a friendlier atmosphere for both the animals and the visiting public. The design of the dog kennels is brighter, quieter, and showcases the dogs in a more positive manner. This change has certainly helped in finding more dogs homes at a quicker pace.

As you can see, 2010 was a successful year for adoptions here at the League and we are proud to report that so many deserving animals found their new homes with our help. The support and generosity from our community makes all these programs and adoptions possible.

Leadership Giving Had Its Best Year Yet!

Cats like Ziggy are adopted at quicker rates with more extensive marketing and the fun adoption programs run by the staff. Ziggy was featured on WNHU and was adopted soon afterwards.

In 2010 the Animal Rescue League of New Hampshire (ARLNH) had a surge in the number of commitments to the Leadership Giving Program. Our Leadership Givers intention is to give \$1,000 or more per year and our Future Leaders of ARLNH \$250 - \$750 per year. In 2010 the Leadership program grew by 36%! At year end the League had 69 Leadership Givers and 33 Future Leaders of ARLNH. In 2010 our Leadership Family donated over \$385,000 to the shelter. Our Leadership Program creates support and momentum that sustain critical programs which save the lives of homeless animals in our community and beyond. **We are forever grateful for their commitment to our mission and confidence in our stewardship.**

Our deepest gratitude is extended to...

Due to space limitations we were not able to print a complete list of all 2010 donors. For a complete list of donors please visit our web site at: www.rescueleague.org
