JUNE IS ADOPT A SHELTER CAT MONTH

GIVE A SHELTER CAT A LOVING HOME!

Your local shelter is brimming with cats of every breed, age and personality just waiting for a loving home. Whether you prefer young and frisky or mature and mellow, you're sure to find the perfect cat companion during Adopt-A-Shelter-Cat Month!

Before You Bring Your New Cat Home

 **Make Sure Everyone Is Prepared To Have A Cat:** Talk to your family before bringing a new cat home. Make sure everyone knows that the fun begins after Kitty feels safe. Divide the chores of feeding, litter changing and grooming.

 **Cat-Proof Your Home:** When your cat is ready to explore be sure to get rid of stray items she might chew on or swallow, like toilet paper, tissues and paper towels. You may also have to tape wires to baseboards.

 **Routine Behavior:** Give your cat a little structure to lean on. For the first few weeks, provide him with the same kind of food and feeding schedule he had before living with you—and give him the same brand of litter, too, for a familiar scent and feel on his paws.

 **Stock Up On Supplies Before Kitty Arrives:** A litter box - Food and water bowls - A sturdy, rough-textured scratching post - Safe, stimulating toys - A bed lined with a soft, warm blanket or towel and Grooming tools: a high-quality brush and nail clipper are a good start.
