DONATION
DRIVE FOR
HOMELESS
ANIMALS

How do you plan to practice
kindness this month?

All about Rabbits!

What do rabbits eat?

Rabbits are herbivores, which means they don't eat meat! Rabbits should get around 2 cups of fresh greens a day. They should always have fresh hay, fresh water, and special rabbit pellets!

How long do rabbits live?

5-12 years!

How are bunny cages set up at the shelter?

Our bunnies are set up in pens with a quilt, blankets and towels, and lots of toys and hiding spots! They also get a litterbox. That's right, rabbits can be litterbox trained! Our litterboxes have wood pellets, field and alfalfa hay, and their food on top. Why does the food bowl go in the litterbox? Because bunnies tend to poop while they eat!

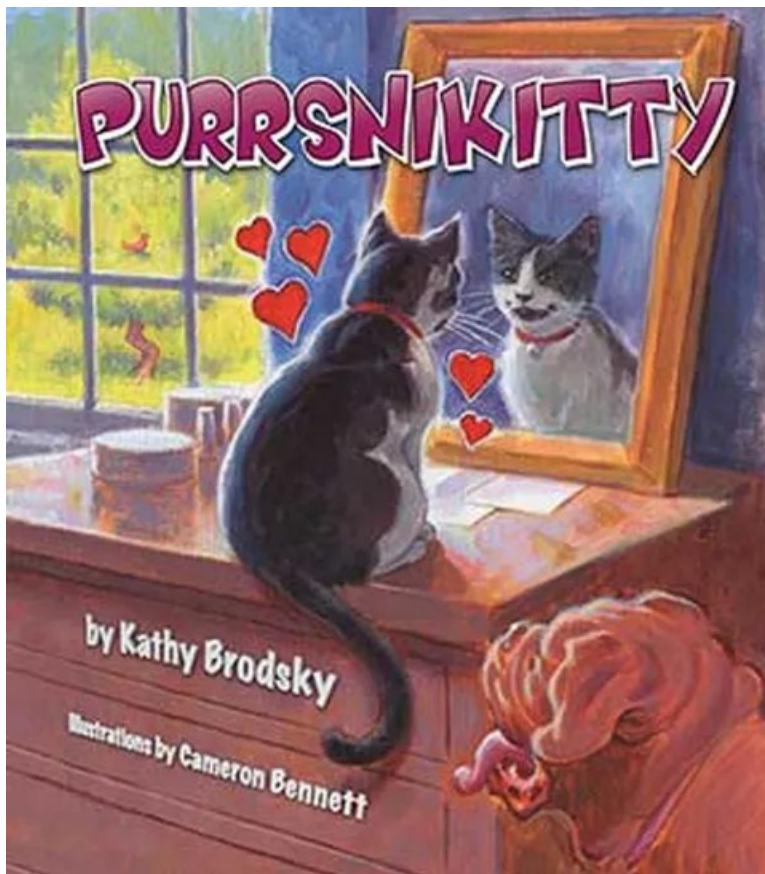

Our Book of the Month!

Lucky dog Arfy has a home. When he discovers a homeless kitten, Arfy hopes Scamper can come live with him, but--achoo!--his person is allergic to cats! So, Arfy writes persuasive letters to prospective owners about what a great pet Scamper would make. But somehow these matches aren't made in heaven. If Scamper can't live with any of them, where will he go? He needs a quiet home where he could make people as happy as they'll make him, full of laps, pats and purrs, and yarn balls....Arfy thinks he knows just the place!!
