

Kid's Corner

OCTOBER 2023

Welcome Fall!

Fall has arrived, and with it more new friends! Last month we had 234 animals in our care, who knows what the count for October will be!

We have some fun activities planned for this month, such as a paint party, Howl-O-Ween 5k, and a pumpkin decorating contest!

What's In This Month's Issue?

- Animal Careers
- Reptile Spotlight
- Monthly Celebrations
- Book of the Month

Animal Careers: Vet Tech

A veterinary technician, also called a vet tech, is responsible for tasks like taking vital signs, providing nursing care, and assisting veterinarians in exams and other procedures.

Reptile Spotlight: Leopard Geckos

Leopard geckos are one of the most common types of reptiles we see here at the shelter. These geckos are terrestrial, meaning they live mostly on the ground. Leos eat mostly bugs, and are most active at dawn and dusk.

They can live 10-20 years, which means they are a big commitment!

Leopard Gecko

THIS MONTH'S CELEBRATIONS!

Adopt a shelter dog month
1st-7th: National walk your dog week
15-21: National vet tech week
21: Reptile awareness day
22: National make a dog's day
28: National pit bull day
29: National cat day

Book of the Month!

"Just Sniffing Around" is a book for dog lovers of all ages. With a Dogue de Bordeaux as the "every dog," it delightfully captures the antics of all our dogs. The book is also helpful for those thinking of getting a dog. The life-skills questions following the story create further in-depth dialogue pertaining to the history of dogs and humans and also pose thought-provoking conversation about the responsibility of dog ownership.

Upcoming Events
